

Gold Star Powders

Consumables

Gold Star Powders stocks an extensive collection of consumables and spare parts, used on a daily basis, in any jewellery or industrial manufacturing facility. Only a selection of consumables stocked is detailed below – please refer to the website for the full listings. Gold Star will aim to deliver items as fast as possible all over the world, and has the ability to manufacture bespoke consumables to suit your needs. In addition to the Investment Powders, Waxes and Rubber we are able to offer, Gold Star has the ability to set up a complete Turnkey Jewellery manufacturing set-up.
